

## 2018 RIFA Project Opportunities (See catalog for project details)

Project Title	Country	Host Organization	Duration <i>(desired, 2-6 months)</i>	Keywords	Funding Details <i>(*see explanation for calculations)</i>
<b>Central America</b>					
<a href="#">Geospatial Analysis of Wild Cacao Trees</a>	Belize	BFREE	2	mapping, agroforestry, data collection	\$1,150 + \$1000/month
<a href="#">Women's Empowerment through Horticultural Production in Honduras</a>	Honduras	Escuela Agrícola Panamericana (Zamorano University)	3	gender, horticulture, technology, communication	\$1,400 + \$1000/month <i>*final month stipend of \$1000 provided by host as cost match</i>
<a href="#">Agrodiversity for sustainable agriculture in Yucatan</a>	Mexico	Universidad Autónoma de Yucatán	flexible	agrodiversity, data collection, database	\$1,100 + 1000 month
<a href="#">Various projects (8), see listing for details</a>	Mexico	CIMMYT	varies	wheat, data analysis, modeling	\$1,100 + \$1000/month
<a href="#">Innovation Center on Inputs for Bioenergetics and Co-products</a>	Mexico	INIFAP	6	Breeding, genetics, GIS, lab skills	\$1,100 + \$1000/month
<a href="#">Production of second-generation (2G) bioethanol from agroindustry waste</a>	Mexico	Tecnológico Nacional de México	flexible	bioethanol, renewable feedstocks	\$1,100 + \$1000/month
<a href="#">Agroecology and Food Security in Rural Nicaragua</a>	Nicaragua	CANTERA	6	agroecology, climate change adaptation, feasibility studies	\$1,150 + \$1000/month
<b>South America</b>					
<a href="#">Building on the Success of the Marketplace (M-BoSs) Monitoring and Evaluation</a>	Brazil <i>(and likely Africa)</i>	Agricultural Innovation MKTPlace (Embrapa)	6	project monitoring and evaluation, goat breeding	\$2100 + \$1000/month
<a href="#">Rhizosphere-Induced Nitrogen Fixation in Brazilian Pasture compared to Primary Forest</a>	Brazil	Universidade de Sao Paulo	3	forage crops, soil microbes, C & N cycling	\$1,800 + \$1000/month
<a href="#">Exploring Climate Smart Agriculture as a Form of Community Development</a>	Ecuador	Fundación Sol & Montaña	flexible	coffee, climate smart, economic & social sustainability	\$1,400 + \$1000/month
<a href="#">Biomass and Nutrient Partitioning and Nutrient Recycling in Cacao</a>	Ecuador	Hacienda La Chola / Mars, Inc.	6	crop residues, fertilizer, nutrient, cacao	\$1,550 + \$900/month <i>all meals at field station covered by host</i>
<a href="#">Agriculture-nutrition linkages: Improving food and security nutrition in the potato-based highlands systems in the Andes</a>	Peru <i>and Ecuador</i>	International Potato Center (CIP)	flexible	potato, nutrition, interventions, data analysis	\$1,550 + \$1000/month
<a href="#">Early Awareness and Participatory Education for flood disaster risks in the Southern Cone of Latin America</a>	Uruguay	UTEC	6	Latin America, disaster management, education	\$2,300 + \$1000/month

East Africa					
<a href="#">Appropriate Technology &amp; Practice Assessment for Moringa Production and Processing</a>	Kenya	World Agroforestry Centre-ICRAF	6	field trials, solar dryer, communication	\$2,200 + \$1000/month
<a href="#">Toward Sustainable Food Systems Profiles for Decision-makers in Kenya and Vietnam</a>	Kenya	CIAT	flexible	food systems, analysis, data collection	\$2,200 + \$1000/month
<a href="#">Strengthening Capacity in Tanzania to Implement Agriculture Climate Resilience Actions</a>	Tanzania	World Agroforestry Center (ICRAF)	flexible	climate-smart ag, impact evaluation	\$2,300 + \$1000/month
<a href="#">Drip Irrigation Design and Biogas System Establishment</a>	Uganda	Kulika Uganda	3	design, building, irrigation, biodigestor	\$2400 + \$700/month <i>lodging covered by host</i>
<a href="#">Development and Assessment of irrigation technologies for smallholders farmers in Uganda.</a>	Uganda	TEWDI Uganda	3	communication, trainings, data analysis	\$2400 + \$1000/month
<a href="#">Improving Cowpea for Yield Potential and Stress Resilience</a>	Uganda	Makerere University Kampala	flexible	cowpea, breeding, genetics	\$2400 + \$1000/month
<a href="#">Digital Platforms for African smallholder farmers to access 'bundled services'</a>	Uganda, Tanzania, Laos	Olam International Ltd.	flexible	coffee, farmer services, technology adoption	\$2400 + \$1000/month
North Africa					
<a href="#">Valorization of medicinal plants and rangelands rehabilitation in Eastern Morocco</a>	Morocco	Morocco Ministry of Agriculture, Water and Forests	flexible	value chain, edible herbs, rangelands	\$2,200 + \$1000/month
South Africa					
<a href="#">South African Avocado, Cherry, Almond, Date (medjool) and Tomato Mini-studies</a>	South Africa, Namibia	ZZZ	flexible	postharvest practices, ag practices, crop evaluation	\$2500 + \$1000/month
West Africa					
<a href="#">"Balu Tin Marino" Improved nutrition through food fortification in the Gambia</a>	Gambia, Senegal	United Purpose	4	nutrition, survey, crop adoption	\$2,250 + \$1000/month
<a href="#">Participatory evaluation of extra early, early and medium maturing MAGIC cowpea lines</a>	Ghana	CSIR- Savanna Agricultural Research Institute	4	Ghana, cowpea, field trials, farmer interviews, analysis	\$2500 + \$1000/month
<a href="#">Researching and documenting orange fleshed sweet potato (OFSP) yield results.</a>	Ghana	Global Communities	2	scaling up, sustainability, messaging	\$2500 + \$1000/month

<a href="#">Understanding Cost of Operations for Cotton Farmers in Ivory Coast</a>	Ivory Coast	SECO-OLAM	3	cotton, farmer interviews, cost effectiveness	\$2,600 + \$1000/month
<a href="#">Warehousing Management and Storage Techniques for the Millet Business Services Project</a>	Senegal	NCBA CLUSA Millet Business Services Project	3	crop storage, warehouse management, millet	\$2,350 + \$1000/month
<b>Central Asia</b>					
<a href="#">Pathways to Innovation in Central Asia: Building regional capacities for agri-environmental research</a>	Tajikistan	University of Central Asia	flexible	capacity building, academic, projects	\$2,700 + \$1000/month <i>*great team opportunity! First fellow funded by RIFA, second by host.</i>
<b>East Asia</b>					
<a href="#">Coordination Mechanism of Ecological Effect and Resource Utilization in the Middle and Lower Reaches of the Yangtze River</a>	China	Zhejiang University	3	field and laboratory sampling, crop rotation	\$1,800 + \$1000/month
<a href="#">The impact of re-flood on active microbes responsible for nitrous oxide emission in Chinese paddy soils</a>	China	Zhejiang University	flexible	microbes, SIP microcosms	\$1,800 + \$1000/month
<b>South Asia</b>					
<a href="#">Agricultural Landscape Assessment in West Bengal, India</a>	India	Grameen Foundation	3	agricultural landscape assessment, impact evaluation, qualitative research	\$1,800 + \$1000/month
<b>Southeast Asia</b>					
<a href="#">Food, Agriculture and Social Entrepreneurship (FASE) Curriculum &amp; ToT</a>	Cambodia	Green Shoots Foundation/CIDO	3	value chain, vegetables, innovation	\$2,200 + \$1000/month
<a href="#">Innovations to Build and Scale Safe Vegetable Value Chains in Cambodia-Hard and Soft Technologies</a>	Cambodia	Royal University of Agriculture, Phnom Penh	flexible	safety, vegetable production, technical and social innovations	\$2,200 + \$1000/month
<a href="#">Innovations to Build and Scale Safe Vegetable Value Chains in Cambodia-Value Chain Analysis</a>	Cambodia	Royal University of Agriculture, Phnom Penh	flexible	value chain, vegetable production, inputs	\$2,200 + \$1000/month
<a href="#">Social-Ecological Contributions of Organic Agriculture to Sustainable Climate Resiliency Among Smallholder Farmers</a>	The Philippines	ASI - University of Philippines, Los Banos	flexible	climate resiliency, farming, policy change	\$1,800 + \$1000/month
